Registered Massage Therapy

Touching is healing; from a mother's touch which comforts and soothes her baby to the triumphant athlete patted on the back by fellow athletes. Based on the same principle as human touch, massage is the oldest method of promoting good health, suppleness and strength. Today, the role of massage therapy is recognized by the general public and other health care professionals as being an effective health care alternative. Due to public perception and desire, massage therapy has grown into a more prominent position. It is a viable and respected profession promoting good health not only for your physical but emotional well being also. Massage Therapy is the kneading, manipulation or application of methodical pressure and friction of the body. Whether it is for treatment of injury, stress or for relaxation, the skilled use of massage through touch is used to maintain and enhance the health and well being of the entire body. Experience the benefits massage can offer you.

Hot Stones, Body Molding,
Indian Head Massage

Escape from your worries during this very relaxing full body treatment. Using body work techniques personalized to your specific needs we will release muscular tension and stress to calm and soothe your body. This heavenly treatment will not only bring relief and enjoyment, it will improve circulation, restore proper muscle balance and replenish your system.

Ayurveda Indian Head Massage is a relaxing massage that stimulates the acupressure points on the head, upper back, shoulders, neck and face. It promotes circulation, rebalance energy and releases blockages which cause stress and strain. In return the body, mind and soul are uplifted.

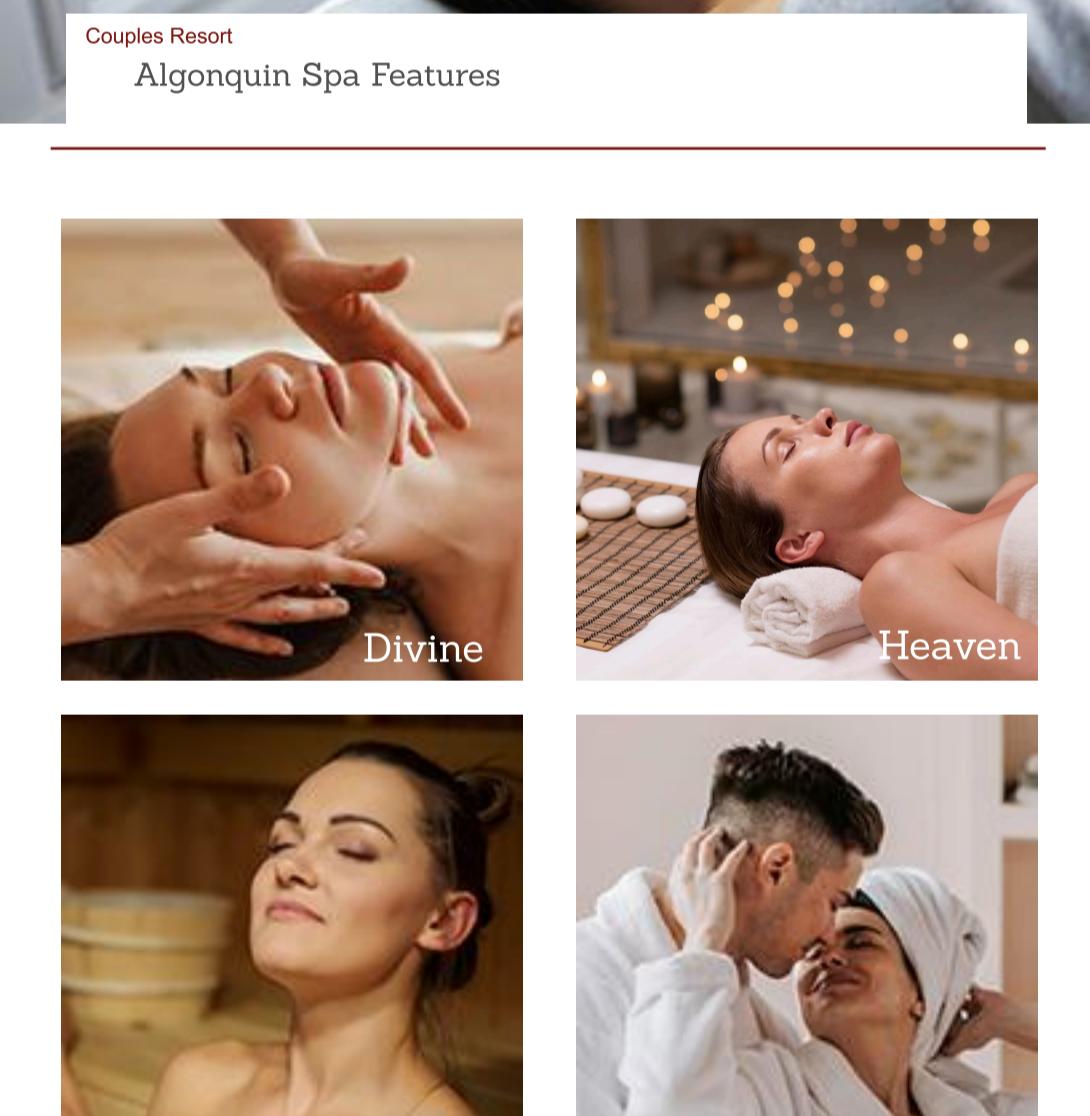

Experience the ultimate in relaxation. Stone massage involves the application of heated stones to key points on the body, allowing an intense penetrating heat which eases muscle aches, improves circulation, relieves back pain, and reduces stress. The warmth of the stones promotes deep healing by expanding the blood vessels and relaxing the nervous system, alleviating symptoms of insomnia and arthritic conditions while melting away the tension and stresses of daily life. This unique indulgence is not to be missed!

Unforeseen Circumstances

It is very rare that one of our Spa Professionals gets sick or has a family emergency and we understand it is extremely disappointing to not have the treatment you requested. Staff will make every effort in finding an alternative time in the day or during your stay with another therapist, sometimes involving a slightly different treatment. We appreciate our guests for being so patient during these unforeseen circumstances. Currently if there is a cancellation and you cannot be accommodated, there will be no Spa charge to your room.

A Free Voucher for a 1 hour (Not RMT) Spa Treatment will now be provided for your next getaway at the Couples Resort.

The Policy change allows us not only to make sure there is no out of pocket expense (the cost of the treatment) but that we will also compensate you beyond what the Couples Resort could not provide you.

Thank You & Enjoy in Our Pleasure,

John Sorensen, President
