Algonquin Park has thousands of moose. The best chance of spotting a moose is along the highway 60 corridor running through Algonquin. The moose are not generally afraid of tourists, and will continue to eat along side the road. (DO NOT APPROACH A MOOSE!) Moose are most frequent through May and June when road salt from the winters roads wash into the neighbouring ditches. Moose consider salt to be a treat, especially when mixed with their greens. In the foliage months, taking a very early hike on the Mizzy Lake Trail also can be rewarding. Moose become rare to see in the winter months. We repeat, DO NOT APPROACH THE MOOSE!!!!

Why thermal salt water pool?
